April 2015

MN Severe Weather Awareness Week

Spring weather is upon us and that means we will experience a change in weather patterns. Severe thunderstorms and tornados are a common occurrence with this. April 13-17 is Severe Weather Awareness Week. Thursday, April 16, Silo staff and students will participate in a statewide tornado drill.

Do you have a family plan for severe weather or other emergency situations? The MN Department of Public Safety and Homeland Security recommend that you prepare an emergency kit to store in your basement. Here is a suggested list of items to gather in a storage tub: water (1 gal./person), non-perishable food items, battery operated radio, flashlight with spare batteries, first aid kit, whistle, tissues, garbage bags, dust masks, wrench, and a pair of sturdy shoes.

Red Cross Blood Drive

Will you be one of our generous donors this year? There is always a demand for blood. Every two seconds someone in the United States alone needs blood. One donation has the potential to save up to three lives. We are now scheduling appointments for the Red Cross Blood Drive hosted at Silo on Monday, April 13, 1:30-7:30 pm. Appointments are recommended. You may schedule an appointment online or contact Mrs. Anderson. Can't donate? Share a few hours of your time as a greeter or serving canteen refreshments.

KINDERGARTEN REGISTRATION & OPEN HOUSE

Incoming kindergarten students and their parents are invited to join Miss Steinberg and Mrs. Anderson on Wednesday, April 1, 6:30-7:30 pm for a kindergarten open house. A short presentation will be at 7:00. If you know of other families who may be interested in having a child attend kindergarten here, please invite them!

ATHLETICS

The softball season will be starting soon. Practices and 'home' games will be at South Side Park in Lewiston, just off Benson Drive South. The tournament will be on Saturday, May 16 instead of May 9.
