October 2013

LEA Convocation

The teaching staff is highly anticipating our trip to Milwaukee, WI, October 24-26. This year we are attending the national Lutheran Education Association Convocation. The theme for this convocation, Rise and Shine, bringing knowledge to light and Light to knowledge, is based on several scripture passages including "Arise, shine, for your light has come, and the glory of the Lord has risen upon you." Isaiah 60:1.

A highlight of the convocation is the opportunity to reconnect with others in the teaching ministry including some of our Silo alumni, former teachers from our school, and many other colleagues.

Teachers come back to school refreshed and filled with new ideas that we learn from colleagues and national experts in workshops, keynote speakers, and sectional presentations.

This is a tremendous opportunity for professional growth. Please pray for our safe travel and that we may benefit from this experience.

Chapel Guests

Roger and Pam Heiden will be guest presenters on October 2, 8:10 a.m., in place of our regular chapel service. Last year some of our chapel offerings went to support Roger and Pam and their family teaching a LAMP - VBS to residents at South Indian Lake in Manitoba, Canada. We are looking forward to them sharing their experience with our students through words and pictures. Everyone is invited to join us for this special chapel and each Wednesday throughout the school year.

Camp Omega

The 7th -8th class along with Mr. and Mrs. Ebersole just returned from a three day experiences at Camp Omega. Silo students have been partnering up with 7th-8th grade from St. Martins in Winona for this fellowship opportunity. While they were at Camp the students spent time in Bible Study and enjoyed God's creation while going on nature hikes and canoeing, among many other activities. We thank the Board of Education for providing our students with this unforgettable experience.

Building Project

Thank you to the many people who helped take down the trees to the south of the school. It was a lot of hard work, but much was accomplished. Initial ground work is set to begin any day now. Building materials are ordered, and the building process will soon be under way. Please pray for safety for the workers and success for our project that we may continue to serve God's children through our church and school.
