Chapel Projects Selected

At our recent teacher retreat, the teachers discussed and selected three chapel projects for this school year. Our first quarter chapel offerings will be going to the St. Charles Resource Center. Currently they are serving a large number of people, but are running out of food to provide for them. Students may bring in food, which will be collected in classrooms, or monetary offerings to be collected at chapel. During the second quarter we are designating our offerings to the POBLO mission which reaches out to share the love of Jesus with new immigrants in America. Third quarter offerings will go to the Hearts for Jesus project. Hearts for Jesus has offered support to people in many different countries across the world. The fourth quarter project is yet to be chosen as needs often arise through the school year.

Theme

All year long teachers will be leading students in lessons about the many aspects of our body's health: physical, emotional/mental, social, and most important, spiritual. The student body will gather several times throughout the year to celebrate these aspects.

Rosetta Stone

I'm excited that several students and families are taking advantage of an offer for Rosetta Stone. The LCMS has partnered with Rosetta Stone to offer this language learning tool at a discounted rate. It will be fun to hear the new words our students learn as they explore foreign languages.

Classroom Facelift!

Thank you to the volunteers who helped paint the 7th-8th grade classroom. It now has a fresh new look to start off the school year. Thank you to the many individuals who have been donating their time and resources to help get our school ready for this fall!
