

1st Grade News

Date: 1/21/2021

This week in religion we learned about Simeon and Anna meeting the new born Jesus at the temple. They had faith in God and knew that Jesus was special. They shared the news with lots of people. We are to be like Simeon and Anna and share the exciting news of our Savior. In math we are learning about different ways to make half of a square subtracting two facts. In writing we wrote creative stories about a key. In Superkids we finished unit 8 and had our spelling test. We are learning about machines in science. We are learning about work, force, and energy. The class got to make their own "sciencemobile machines". We talked about Martin Luther King Jr. in our scholastic news as Monday was MLK Jr. Day on his 92nd birthday. **Note: please send a second mask every day.**

Upcoming dates:

-No School 1/22-1/25

-Report cards sent home 1/26

-National Lutheran Schools Week *POSTPONED*

Memory: NO MEMORY

God's blessings,

Miss Katie Paszkiewicz
